

16.7.2019 coming soon....

Tatwah Technology Co. Ltd. one of the ten largest producers of RFID data carriers since 1987, will be present at Trustech Palais des Festivals de Cannes, France from 26th to 28th November 2019, booth Riviera H 026. To give the greatest attention to your needs, do not hesitate to book onsite meetings with our Technical, Sales and Marketing team which will be present to exchange with you on your global project.

During this exhibition, Tatwah Technology Co. Ltd. will present its latest **MANGO®** product development for:

Automation & Manufacturing

Location & Condition Monitoring

Industry & Logistics

Trustag (secure authentication)

Transportation

Access Technology

In addition, this year in order to satisfy a growing demand of the market Tatwah Technology Co. Ltd. will demonstrate its complete family of BLE Beacons which has been developed to cover any precise people monitoring, indoor localization, industrial, assets tracking and many more innovative solutions. All this **MANGO®** family is iBeacon and Eddystone compliant and could be combined with NFC technology for registration, micro-payments and access control.

Our team will show you as well its open solution for an unforgeable and high security level authentication to any webpage with its **MANGO®** Trustag family of products in various form factors

To see our latest innovation book your free visitor pass by just logging on [Trustech web site](https://www.trustech-event.com/Landing-pages/Delegate-registration-2019-TRUSTECH-Leading-Event-For-Digital-Trust-Technologies):
